Getting Started with the **Next Generation** of HESI on Evolve

1. Visit the Evolve student home page at: [https://evolve.elsevier.com/](https://evolve.elsevier.com/)

2. Click **I am a Student**. If you are a returning user enter your **Evolve username** and password and click **Sign In**. If you are new to Evolve, click on **Create account**, enter the required information, and then click **Submit**. Always use your Evolve username to login for HESI testing & registration. If you do not know your username it can be found under account settings. Also, ensure that only your UAH email is the email address associated with your evolve account.

3. Enter the **COURSE ID 159640_uhuntsville_3001** in the designated field under the section **Redeem an Access Code or Enter an Evolve Course ID** and click **Submit**.

4. After a short period, a confirmation of enrollment screen will appear. Click **Continue** to see your My Content list.
5. Click My Evolve at the top of the page to go to your personal Content page. You will find your instructor’s course in your list of courses and resources. Click the title of your Instructor’s course to launch the HESI application.

**Exam Registration**

When HESI launches for the first time, you may be asked to log in again with your Elsevier Evolve account. This would be the same account you have just used to access the Evolve portal.

Browsers of preference are Chrome or Fire Fox – **DO NOT USE** INTERNET EXPLORER!

You first have to choose your cohort – this is the month/year you are graduating. May 2021 example below:

Once you choose your cohort, only tests scheduled for that cohort will appear, to make your registration process easier. Please click the blue “register” button for the test date/time you are to planning to take.
If you make an error and schedule for a wrong test, or need to reschedule, you can just unregister and re-register at any time.

On test day, simply log into https://evolve.elsevier.com/
And click on the HESI Next Generation Icon, and at the scheduled date/time the “Launch Exam” button will be blue and clickable, and you enter your test.

For a video on How to register & take a test in Next Gen on evolve click here.
